

**INCOME
SECURITY**

**FOOD
SECURITY**

What is food insecurity?

Household food insecurity is the inadequate or insecure access to food due to financial constraints.¹

A CAMPAIGN FROM:

**! GUELPH & WELLINGTON
POVERTY
ELIMINATION
■ COLLABORATIVE**

Food Insecurity

in Guelph & Wellington County

It's a bigger problem than you think

25% of households are food insecure in our community²

Nearly **1 in 3** children live in food insecure households³

60% of people who are food insecure have wages, salaries, or self-employment⁴

The cost of the Nutritious Food Basket⁸ for a family of four in 2025 is **\$1,187.49** per month.⁵

There are higher rates of **physical and mental health conditions**⁷ among people who are food insecure – resulting in higher healthcare costs and even premature death.

Due to barriers including transportation, dietary needs, stigma, and shame, only **25%** of food insecure households use food access services such as food banks.¹⁰

HARD FACT:

A single person on Ontario Works receives just

\$733/month

to cover all expenses.

This amount has been frozen since 2018.

Food insecurity can affect anyone, anytime.

An income security crisis is the root cause.

Policy change is the answer.⁴

Income security is the effective response to food insecurity

Inadequate social assistance is keeping people in poverty

To afford just rent and food – let alone any other expense...

- A family of four reliant on Ontario Works would require at least an **EXTRA \$110 per month**⁵
- A single person reliant on Ontario Works would require at least an **EXTRA \$782 per month**⁵
- A single person on the Ontario Disability Support Program would require at least an **EXTRA \$140 per month**⁵

A family of four with one full-time worker earning minimum wage needs to use **61%** of their income to afford rent and food, leaving little for all other essential expenses.⁵

The living wage in Guelph-Wellington is **\$23/hr.**⁶ Ontario minimum wage is **\$17.60/hr.** For 2 working adults, earning minimum wage equals a **\$18,900/year shortfall.**⁹

Together, we can **DEMAND ACTION** to solve food insecurity.

- 1 Advocate for income solutions like decent work, increased social assistance rates & basic income.
- 2 Spread the word.
- 3 If you can, give time or money – food access programs do not solve food insecurity, but they do provide essential relief.
